

As a Bonus, in addition to the benefits of membership, Northwest Community Credit Union will make a donation of \$100 to your organization's favorite charity, if 10 or more individuals from your organization open a savings account and apply for one other service (payroll deduction, checking account, loan, CD or VISA) within 30 days of the initial enrollment session.

How It Works

Once your organization signs on as a member of Northwest Community Credit Union, a member services professional will schedule an enrollment meeting to introduce our services to the individuals in your organization. We will answer questions and sign up those who would like to become members. That same representative will make future visits on a regular or as needed basis, if requested.

All we ask from participating organizations is that you support our relationship by permitting occasional on-site sign-ups, distributing informational materials and appointing a point person or Ambassador to serve as the credit union advocate for your organization or company. The Ambassador at each of our Member Groups sees to it that information about becoming a member is included in all of their welcome packets. They also allow us to occasionally put reminders in their newsletter or bulletin. It's a great no-cost benefit that people truly appreciate because it shows your interest in helping them strengthen their personal financial lives.

We invite you to begin today by completing the attached Agreement so we can schedule an enrollment meeting. Partner with us by becoming a Member Group and discover how we can help strengthen the financial health of your organization and the people who make it successful.

A TRADITION OF SERVICE...

Ambassador Involvement and Benefits

Since 1939, Northwest Community Credit Union has served the financial needs of residents, businesses and parishes in the northwest side of Chicago and the surrounding suburbs. We're proud of our reputation and commitment of offering friendly, dependable and convenient services to our members as we fulfill the credit union philosophy of "people helping people." As our tagline states...**We're Here For You...**and we're proud to say we've been living up to that promise since day one.

People often confuse credit unions with other financial institutions. The biggest difference is that banks keep their profits. Credit unions don't. With banks, you are a customer. At a credit union you are a member and therefore, you are an owner. The profits generated at a credit union go back to its members in the form of better rates and services.

Become A Partner With Northwest Community

In addition to our thousands of individual members, we are pleased to offer our outstanding products and convenient services to businesses and parishes in the area. Become a partner with us, as a Member Group, and you and your organization will be able to take advantage of our low rates on vehicle loans,

mortgages and credit cards. Plus you'll **enjoy higher yields** on savings products. Additionally, each individual member in your organization will be able to take advantage of our special promotions, which we offer on a regular basis. You'll appreciate the personal service we provide as we help each member meet his or her unique set of financial needs and goals.

Membership to your organization is FREE. Anyone working for or belonging to your organization will be eligible to join the Credit Union and immediately take advantage of our products and services. It will be our opportunity to prove that we mean it when we say "**We're Here For You.**"
